Dear Dr. Bill:

In the absence of Sir Robert Falconer I beg to acknowledge the receipt of your letter of July 18th and the enclosed account of the Conference of the Universities of the United Kingdom held in May last. Sir Robert will be glad to receive these on his return from England. He expects to be away until the beginning of October, and his London address is care of the Canadian Bank of Commerce, 2 Lombard Street East.

Yours very truly,

Dr. Alexander Hill,

Bureau of Universities of British Empire,

London, England.

Dear Dr. Hill:

Representations have been made to me by a member of our staff with regard to a matter which has hitherto come up on one or two occasions, that is to say, the advisability of having our Canadian students come forward as candidates for the Diplomatic, Indian, and Naval Service of Great Britain. This seems to be a very favourable juncture for considering the matter, and occasionally there might be students from the University of Toronto and other Canadian Universities who would wish to look forward to one of these services as a career. Could you give me any information as to how we might make inquiries with regard to the possibility of arrangements being made to facilitate the candidature of any of our students ?

Wishing you a Happy New Year, and with kind regards,

I am,

Yours sincerely,

President.

Dear President,

In accordance with the wish expressed in your letter of Jan.7, I will make enquiries as to the position of Canadian students with regard to admission to the Diplomatic, Indian, and Naval Services of Great Britain, and as to any arrangements which it may be possible to make to facilitate their candidature. As soon as I have any information I will write to you again on this subject.

Is there any prospect of your being in England in the middle of July? At President Tory's suggestion the Bureau Committee is making arrangemets for a Conference of the Home Universities with such representatives of the universities overseas as may happen to be still in England.

Yours sincerely,

J. Hill

Hon. Secretary.

Dear Dr. Hill:

Many thanks for your letter. I do not expect to be in England next summer, and I should imagine that there will not be many university men there except those who now happen to be in England.

Yours sincerely,

President.
